

Island Park Towers Residents' Association

Building Friendships Within the IPT Community

The Island Park Towers Residents' Association (IPTRA) welcomes you to the Island Park Towers (IPT) community. We hope that you will find living here a pleasant and rewarding experience. We are surrounded by scenic views, walking and biking, skiing trails, the beach and proximity to Westboro Village and its renowned lifestyle.

The focus of the IPTRA is to build community within the buildings, connecting residents with similar interests so that new friendships can form. Fostering a community spirit can help create a safer neighbourhood within the buildings.

On the back page we have included links to information you might need at your fingertips as you move into your new home. For additional tips about your new home check out the welcome page at www.IPTRA.org

We wish you a smooth transition and look forward to meeting you at our next IPTRA event. Please come up and introduce yourself to an IPTRA board member!
